### overview

Everest recruitment offer dedicated recruitment services to the healthcare industry, specifically care, residential and nursing homes in the Hampshire area and beyond. In January 2008 they were looking to hit the ground running with their new recruitment business and turned to **giant finance+** for support.

### solution

For over a decade we have provided the Everest team with full back office including our pay & bill software to support their business growth. We've used our recruitment experience and knowledge of the sector to keep Everest up to date with ever changing legislation and are currently advising on relevant solutions in preparation for IR35 in April 2020.

*"A lot has changed since 2008 but the flexible facility provided by **giant finance+** means we have been able grow at a pace that suits us. Their ongoing support and industry expertise has been instrumental to the success of our business"*

*- Ben Holder, Director*
