about the client

Since 2013 Masterclass Education (SW) LTD have built an excellent reputation for providing quality teaching staff to schools within the UK. From their office in Devon, they cover the South West of England, with teaching and teaching assistant positions available in SEN, primary and secondary schools.

overview

Masterclass Education (SW) LTD chose **giant finance+** to provide them with our full back office solution so they could benefit from innovative software and expert recruitment knowledge. Working with **giant finance+** has meant that Glen and his team can focus on recruitment activities and not chasing invoices or processing payroll.

“giant finance+ is a bit like a referee in a football match. The game is played and they only step in ‘as and when’ it starts to move off course.

This is a big compliment as I know they are here for help and support when I need it and I’m confident they will step in ‘if and when’ needed.

If I don’t hear from them, I’m happy that all is running smoothly as it should.”

Glen Northover - Director
